FINISHED AGENDA

1. Public Comment *None* **2:00**

2. Climate Preparedness and Resilience **2:05**

ACTION: Receive a report from UCSB Intern, Adena Merabi, comparing the City's climate preparedness and resilience activities to the recommendations made by the President's State, Local and Tribal Leaders Task Force on Climate Preparedness and Resilience.

The committee heard a draft report from UCSB Intern, Adena Merabi, on how the City of Santa Barbara's programs addressed climate change preparedness and resilience activities as compared to the recommendations made to the President by the State, Local and Tribal Leaders Task Force on Climate Preparedness and Resilience. The committee requested that staff finalize the report and include it in the next Climate Action Plan update to the Joint Council and Planning Commission meeting.

3. 2014 Annual Energy and Emissions Report **2:30**

ACTION: Hear a presentation on energy use, renewable energy and greenhouse gas emissions from City facilities and fleet in 2014.

The committee received a presentation on the status and results from the annual City facilities energy report.
